### Alfa Development launches sales at LEED Gold targeted Village Green West

**NEW YORK, NY** According to Alfa Development, sales have commenced at Village Green West, part of the firm's Green Collection of ground-up, sustainable residential developments. Located at 245 West 14<sup>th</sup> St., the 27-unit building will be positioned in the West Village. As with

**Village Green West  
- New York, NY**

Alfa Development's Village Green and Chelsea Green, Village Green West is targeting LEED Gold certification upon its completion.

Conceived by Namer and designed by KBA Architects, the 12-story building will have a striking brick façade and black steel paned windows. Village Green West will offer discerning residents a mix of one, two, three and four-bedroom homes, along with four full-floor penthouse residences.
